**FIRST ORDER MODIFYING THE ORDER FORMING
THE ROMNEY REGIONAL SEWER DISTRICT**

The Romney Regional Sewer District (the "District") was previously established by Order of the Indiana Department of Environmental Management (IDEM), dated June 29, 2009 ("original Order"), for the purpose of collection, treatment and disposal of sewage. The original Order stated the District shall file with the Commissioner of IDEM, a detailed plan for the construction and operation of the District's facilities by May 3, 2010.

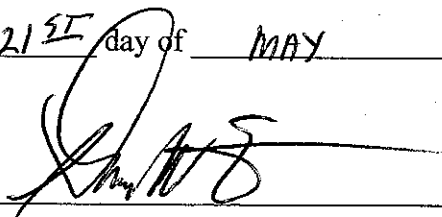

On or about April 28, 2010, the District, by its Board of Trustees, petitioned to amend the original Order, pursuant to Indiana Code (IC) §13-26-1, by requesting an extension of time to file the Regional District's Plan. In addition, the District requests to retain the number of board members at five (5), but grant the County Commissioners one (1) additional appointment thereby removing, one (1) of two (2) appointments from the Randolph Township Trustee.

The Commissioner of IDEM now orders that the original Order of June 29, 2009, forming the District, be amended. The District's request to extend the time to submit its district plan is approved. Additionally, the Regional District board will remain at five appointments: two (2) appointments by the Tippecanoe County Commissioners, one (1) appointment by the Tippecanoe County Council, one (1)

appointment by the Randolph Township Trustee of Tippecanoe County and one (1) appointment of the executive of the municipality that treats the District's effluent. The Commissioner hereby orders that the District submit its plan by November 3, 2011, and retain the number of board members at five (5), but grant the County Commissioners one (1) additional appointment thereby removing, one (1) of two (2) appointments from the Randolph Township Trustee. In all other respects, the District shall remain subject to the terms of the Order dated June 29, 2009.

Pursuant to I.C. § 4-21.5-3-5(f) and I.C. § 4-21.5-3-2(e), this Order modifying the original Order forming the Romney Regional Sewer District, becomes effective eighteen (18) days after its mailing. If you wish to challenge this decision, I.C. 4-21.5-3-7 requires that a petition for administrative review be filed. The petition describing your intent must be submitted to the Office of Environmental Adjudication, 100 North Senate Avenue, IGC-N, Indianapolis, Indiana 46204, within eighteen (18) days from the mailing of this notice. This petition must be filed in accordance with I.C. 4-21.5-3-7, and must include facts demonstrating that the petitioner is the applicant, a person aggrieved by this decision, or a person entitled to review by law.

DATED in Indianapolis, Indiana, on 21ST day of MAY,
2010.

Thomas W. Easterly,

Commissioner

Indiana Department of Environmental Management
